<b>SD</b>	<b>24,418</b>

## OPERATIONS

**NASEM unveils framework for equitable vaccine distribution.** The National Academies of Science, Engineering and Medicine Friday released a Framework for Equitable Allocation of COVID-19 Vaccine to assist and guide the federal government and decision-making bodies, including the Advisory Committee on Immunization Practices, as well as state, tribal, local and territorial authorities in their COVID-19 vaccine allocation planning. The report establishes four phases of distribution, with equity a crosscutting consideration.

## PLANNING

**New HHS data reporting platform - Single data entry fulfills state and federal requirements.** MHA has purchased a new HHS Data Reporting Platform with COVID-19 grant funding. This creates a single, secure data entry point to fulfill both state and federal requirements, including state PPE resource allocation and HHS Teletracking mandates. This new single-entry system is especially critical with CMS' new rules that require such reporting as a Condition of Participation for Medicare and Medicaid. Hospitals will face possible termination of Medicare and Medicaid payments if unable to correct reporting deficiencies. See the complete details on the new platform [here](#).

**As of September 8, 2020 hospitals should utilize EMResource for statewide bed availability, PPE and Remdisivir data, as well as, all TeleTracking data points, including HHS lab testing.** Upon entering HHS data into EMResource, Juvare will automatically upload data to TeleTracking on behalf of your facility daily. Facilities may continue entering their own data into TeleTracking if they choose. All laboratories conducting COVID-19 testing and reporting patient-specific results – including hospital labs, nursing homes, and other facilities conducting testing for COVID-19 – will be required to comply. If a laboratory does not report the required information, CMS will impose a civil monetary penalty in the amount of \$1,000 a day for the first day, and \$500 for each subsequent day.

**Long-Term Care facilities must transition all PPE and bed reporting to EMResources as of October 1, 2020.** The previous [weekly survey](#) hosted on Formstack will become inactive on October 1, 2020. Facilities that do not have access to EMResource should email contact information to [hppcoordinators@mtha.org](mailto:hppcoordinators@mtha.org).

For questions, please contact your [Regional Coordinator](#).

## LOGISTICS

**HHS extends public health emergency.** HHS extended the public health emergency (PHE) declaration for the COVID-19 pandemic on Friday, October 2, 2020. The declaration will now expire on January 23, 2021 unless action is taken by HHA Secretary Alex Azar. This is the third extension of the PHE, which was officially declared on January 31, 2020 and was previously renewed on April 21, 2020 and July 23, 2020.

**Submit PPE needs to DES coordinator in order to ensure allocation.** Until further notice, healthcare organizations MUST [submit needs to their local DES coordinator](#) in order to receive an allocation of emergency PPE.

## COMMUNICATIONS

**Call recordings and webinar playbacks.** Missed a call or webinar promoted in MHA's daily COVID-19 Call & Webinar Alert? Many are recorded, and are [posted here](#) once available.

**COVID-19 Resource Library.** MHA has built a [library](#) of helpful resources and sample material from other hospitals, healthcare organizations and states in their response to COVID-19.

**HHS hospital-specific COVID-19 questions:** [HospitalCOVID19@hhs.gov](mailto:HospitalCOVID19@hhs.gov)

**SITREP Archive.** Daily Situation Reports archived [here](#).

**State of Montana COVID-19 Hotline: 1-888-333-0461**

Montanans can also email questions to [covid19info@mt.gov](mailto:covid19info@mt.gov). State public health officials will be responding to inquiries from 8 a.m. to 5 p.m. Monday to Friday.

**MHA Incident Management Team:** [esf8@mtha.org](mailto:esf8@mtha.org)
