OPERATIONS

CDC updates COVID-19 definition of ‘close contact.’ The CDC on Wednesday [updated](#) its definition of “close contact” exposure to a COVID-19-positive individual as being within 6 feet of the infected individual for 15 minutes or more cumulatively over a 24-hour period, rather than exposure within 6 feet for at least 15 consecutive minutes. The CDC also on Wednesday released a [study](#) that supports the definition change.

Moderna fully enrolls phase 3 trial for COVID-19 vaccine candidate, with heavy emphasis on traditionally under-represented communities. Moderna Inc. on Thursday [announced](#) the completion of enrollment for its COVID-19 vaccine phase 3 trial. Moderna has confirmed 30,000 participants for an efficacy study of mRNA-1273. Moderna said the study includes more than 11,000 participants from communities of color, representing 37% of the study population and similar to the diversity of the US at large.

PLANNING

HHS data reporting platform - Single data entry fulfills state and federal requirements. MHA has purchased a new HHS Data Reporting Platform with COVID-19 grant funding. This creates a single, secure data entry point to fulfill both state and federal requirements, including state PPE resource allocation and

HHS Teletracking mandates. This single-entry system is especially critical with CMS' rules that require such reporting as a Condition of Participation for Medicare and Medicaid. Hospitals will face possible termination of Medicare and Medicaid payments if unable to correct reporting deficiencies. See the complete details on the new platform [here](#).

As of September 8, 2020 hospitals should utilize EMResource for statewide bed availability, PPE and Remdisivir data, as well as, all TeleTracking data points, including HHS lab testing. Upon entering HHS data into EMResource, Juvare will automatically upload data to TeleTracking on behalf of your facility daily. Facilities may continue entering their own data into TeleTracking if they choose. All laboratories conducting COVID-19 testing and reporting patient-specific results – including hospital labs, nursing homes, and other facilities conducting testing for COVID-19 – will be required to comply. If a laboratory does not report the required information, CMS will impose a civil monetary penalty in the amount of \$1,000 a day for the first day, and \$500 for each subsequent day.

As of October 1, 2020 long-term care facilities must report all PPE and bed reporting to EMResources. The previous weekly is inactive on October 1, 2020. Facilities that need assistance should email hppcoordinators@mtha.org.

For questions, please contact your [Regional Coordinator](#).

LOGISTICS

Submit PPE needs to DES coordinator in order to ensure allocation. Until further notice, healthcare organizations MUST [submit needs to their local DES coordinator](#) in order to receive an allocation of emergency PPE.

FINANCE & ADMINISTRATION

HHS revises provider relief fund reporting requirements; expands eligibility for its forthcoming 'General Distribution' of funds. HHS on Thursday issued a revision to its reporting requirements for providers that received Provider Relief Fund payments. The [notice](#) includes revised data elements that recipients must submit for calendar years 2019 and 2020. HHS also [announced](#) expanded eligibility for its forthcoming Phase 3 "General Distribution" of \$20 billion to include additional providers that may not have received PRF payments. See AHA's Special Bulletin [here](#).

COMMUNICATIONS

Call recordings and webinar playbacks. Missed a call or webinar promoted in MHA's daily COVID-19 Call & Webinar Alert? Many are recorded, and are [posted here](#) once available.

COVID-19 Resource Library. MHA has built a [library](#) of helpful resources and sample material from other hospitals, healthcare organizations and states in their response to COVID-19.

HHS hospital-specific COVID-19 questions: HospitalCOVID19@hhs.gov

SITREP Archive. Daily Situation Reports archived [here](#).

State of Montana COVID-19 Hotline: 1-888-333-0461

Montanans can also email questions to covid19info@mt.gov. State public health officials will be responding to inquiries from 8 a.m. to 5 p.m. Monday to Friday.

MHA Incident Management Team: esf8@mtha.org
