OPERATIONS

Montana Immunization Program enrolling potential COVID-19 vaccine providers. As part of the nation-wide COVID-19 Vaccination Program, the Montana Immunization Program is enrolling potential COVID-19 vaccine providers. Enrollment does not guarantee a facility will receive vaccine. The purpose of enrolling providers now is to develop an infrastructure of vaccinators to allow quick movement once a vaccine is available and to provide the information needed to make allocation and distribution decisions in the future. Some federal entities and multi-state organizations may be contacted directly by the CDC to enroll as COVID-19 vaccine providers.

See complete information [here](#). Both the [COVID-19 Vaccine Provider Agreement](#) and the [COVID-19 Vaccine Provider Enrollment Addendum](#) are required for enrollment. The [imMTrax Memorandum of Agreement](#) is only required if your organization does not currently participate in imMTrax.

PLANNING

HHS data reporting platform - Single data entry fulfills state and federal requirements. MHA has purchased a new HHS Data Reporting Platform with COVID-19 grant funding. This creates a single, secure data entry point to fulfill both state and federal requirements, including state PPE resource allocation and

HHS Teletracking mandates. This single-entry system is especially critical with CMS' rules that require such reporting as a Condition of Participation for Medicare and Medicaid. Hospitals will face possible termination of Medicare and Medicaid payments if unable to correct reporting deficiencies. See the complete details on the new platform [here](#).

As of September 8, 2020 hospitals should utilize EMResource for statewide bed availability, PPE and Remdisivir data, as well as, all TeleTracking data points, including HHS lab testing. Upon entering HHS data into EMResource, Juvare will automatically upload data to TeleTracking on behalf of your facility daily. Facilities may continue entering their own data into TeleTracking if they choose. All laboratories conducting COVID-19 testing and reporting patient-specific results – including hospital labs, nursing homes, and other facilities conducting testing for COVID-19 – will be required to comply. If a laboratory does not report the required information, CMS will impose a civil monetary penalty in the amount of \$1,000 a day for the first day, and \$500 for each subsequent day.

As of October 1, 2020 long-term care facilities must report all PPE and bed reporting to EMResources. The previous weekly is inactive on October 1, 2020. Facilities that need assistance should email hppcoordinators@mtha.org.

For questions, please contact your [Regional Coordinator](#).

LOGISTICS

Submit PPE needs to DES coordinator in order to ensure allocation. Until further notice, healthcare organizations MUST [submit needs to their local DES coordinator](#) in order to receive an allocation of emergency PPE.

COMMUNICATIONS

AHA releases new resources for United Against the Flu campaign. To continue amplifying the important message of protecting against both the flu and COVID-19, AHA's United Against the Flu [campaign](#) Friday released new [resources](#), including new sample social media messages, graphics and videos that can be used to reiterate the importance of getting a flu shot. New toolkits from AHA's United Against the Flu and [Wear A Mask](#) campaigns will be released each month.

Call recordings and webinar playbacks. Missed a call or webinar promoted in MHA's daily COVID-19 Call & Webinar Alert? Many are recorded, and are [posted here](#) once available.

COVID-19 Resource Library. MHA has built a [library](#) of helpful resources and sample material from other hospitals, healthcare organizations and states in their response to COVID-19.

HHS hospital-specific COVID-19 questions: HospitalCOVID19@hhs.gov

SITREP Archive. Daily Situation Reports archived [here](#).

State of Montana COVID-19 Hotline: 1-888-333-0461

Montanans can also email questions to covid19info@mt.gov. State public health officials will be responding to inquiries from 8 a.m. to 5 p.m. Monday to Friday.

MHA Incident Management Team: esf8@mtha.org
