OPERATIONS

CMS launches nursing home resource center for COVID-19. CMS last week launched the [Nursing Home Resource Center](#) to provide the latest COVID-19 information, guidance and data. CMS said the centralized hub includes resources for clinicians, including facility inspection reports, training and payment policy information.

COVID-19 Ag CARD available for immediate distribution from MT DPHHS. The Montana DPHHS has made available for immediate distribution the BinaxNOW COVID-19 Ag CARD. See more information on test specifications and the reporting requirements [here](#). Submit requests to DPHHS for the BinaxNOW antigen test kits [here](#).

PLANNING

HHS data reporting platform - Single data entry fulfills state and federal requirements. MHA has purchased a new HHS Data Reporting Platform with COVID-19 grant funding. This creates a single, secure data entry point to fulfill both state and federal requirements, including state PPE resource allocation and HHS Teletracking mandates. This single-entry system is especially critical with CMS' rules that require such reporting as a Condition of Participation for Medicare and Medicaid. Hospitals will face possible termination of Medicare and

Medicaid payments if unable to correct reporting deficiencies. See the complete details on the new platform [here](#).

As of September 8, 2020 hospitals should utilize EMResource for statewide bed availability, PPE and Remdisivir data, as well as, all TeleTracking data points, including HHS lab testing. Upon entering HHS data into EMResource, Juvare will automatically upload data to TeleTracking on behalf of your facility daily. Facilities may continue entering their own data into TeleTracking if they choose. All laboratories conducting COVID-19 testing and reporting patient-specific results – including hospital labs, nursing homes, and other facilities conducting testing for COVID-19 – will be required to comply. If a laboratory does not report the required information, CMS will impose a civil monetary penalty in the amount of \$1,000 a day for the first day, and \$500 for each subsequent day.

As of October 1, 2020 long-term care facilities must report all PPE and bed reporting to EMResources. The previous weekly is inactive on October 1, 2020. Facilities that need assistance should email hppcoordinators@mtha.org.

For questions, please contact your [Regional Coordinator](#).

FINANCE AND ADMINISTRATION

CMS releases toolkit to accelerate state efforts to rebalance long-term care systems and enhance home and community-based services for eligible Medicaid beneficiaries. CMS launched a new toolkit on Monday designed for state Medicaid agencies develop robust home and community-based services (HCBS) for eligible beneficiaries. This [toolkit](#) is the latest in a series of CMS efforts to promote person-centered HCBS to safely transition older adults and individuals with disabilities back to their homes and communities, and decrease reliance on nursing home care.

LOGISTICS

Submit PPE needs to DES coordinator in order to ensure allocation. Until further notice, healthcare organizations MUST [submit needs to their local DES coordinator](#) in order to receive an allocation of emergency PPE.

COMMUNICATIONS

Call recordings and webinar playbacks. Missed a call or webinar promoted in

MHA's daily COVID-19 Call & Webinar Alert? Many are recorded, and are [posted here](#) once available.

COVID-19 Resource Library. MHA has built a [library](#) of helpful resources and sample material from other hospitals, healthcare organizations and states in their response to COVID-19.

HHS hospital-specific COVID-19 questions: HospitalCOVID19@hhs.gov

SITREP Archive. Daily Situation Reports archived [here](#).

State of Montana COVID-19 Hotline: 1-888-333-0461

Montanans can also email questions to covid19info@mt.gov. State public health officials will be responding to inquiries from 8 a.m. to 5 p.m. Monday to Friday.
