

FOR IMMEDIATE RELEASE

MHA Ventures Welcomes Roshal Health as an Endorsed Partner

[Helena, MT] — [February 14th, 2025] – Montana Hospital Association’s shared services division MHA Ventures (MHAV) is excited to announce a new partnership with **Roshal Health**, a leading provider of Remote Echo and Ultrasound services. This partnership will help hospitals provide new imaging services, cover the emergency department, fill coverage gaps while providing improved patient care and avoiding extra patient travel.

Roshal Health, known for its innovative approach to medical imaging, has been at the forefront of providing high-quality, reliable imaging solutions to healthcare professionals across the world. With over two decades of experience, the company has revolutionized the field with cutting-edge software, equipment, and services, enabling healthcare providers to deliver faster and more accurate diagnoses.

Through this partnership, MHA Ventures will support Roshal Health in expanding its reach, enhancing product offerings, and accelerating the adoption of next-generation imaging technologies. The partnership will focus on developing and expanding access to underserved medical regions; providing healthcare institutions with advanced tools to make better-informed clinical decisions.

“Together with Roshal Health, we are empowering hospitals across Montana to elevate patient care, drive innovation, and ensure accessible, cutting edge diagnostic services for our communities across Montana” said Sean Becker, VP of Shared Services with MHA Ventures.

With this collaboration, MHA Ventures and Roshal Health aim to empower healthcare providers with more accurate tools, enabling better patient outcomes and a more efficient healthcare system overall.

“We are excited about this partnership with MHA Ventures and for the opportunity to provide a service to areas of Montana that have not been available in the past. The ultimate goal of Roshal Health is to enable rural/frontier health facilities to provide better patient care” said Kraig Vondran, Chief Strategy Officer of Roshal Health.

About Roshal Health

Roshal Imaging is a leading provider of advanced medical imaging and diagnostic technology. For over two decades, the company has been developing innovative imaging solutions that improve the quality of patient care through precision diagnostics. With a focus on superior image processing and next-generation software, Roshal Health continues to set new standards in the medical imaging industry.

About Montana Hospital Association

The Montana Hospital Association is a nonprofit organization with more than eighty members, including 100% of Montana's hospitals, that provide the full spectrum of healthcare services. This includes hospital inpatient and outpatient services, skilled nursing facilities, home health, hospice, physician services, assisted living, senior housing, and insurance services. MHA Ventures, Inc. is the for-profit subsidiary of MHA, created to deliver solutions that improve patient care, reduce operating costs and strengthen the financial viability of Montana's hospitals.
